WHY DID THE WHITE RADICALS FAIL TO COME TO THE LATE RADICAL MASS MEETING IN THIS CITY?

There was one striking feature in the late *negro Mass Meeting* in this city, and that was, that, after all the drumming, parade, boasts, calls and exertions, that the so-called Governor and his understrappers, including the "carpet-baggers," could make, and the free use of money sent from Washington, and a shameless prostitution of the Railroads, controlled by the Radicals, less than *one hundred white men* attended the meeting!

Now, why did the white Radicals fail to come to that meeting? They had every facility the negroes had, and many of them had more money. Why did they not come? Those who *did* come, failed to participate in the processions and parades, with one or two exceptions. Why all this?

The reason is plain. The white people of the State, of all classes, including the *white* Radicals who have any self respect, are tired of and disgusted with *negro supremacy, equality* and *domination*. This is the explanation, and it must be manifest to this Radical "Governor," and his "carpet-bag" friends. Heaven hasten the day when decent white men in North Carolina will stand shoulder to shoulder to labor and make common effort for constitutional right and restoration of *true* government!

Cannot the poor, deluded negro see that a handful of mean, unprincipled, worthless white men, mostly "carpet-bag" adventurers, are *forcing* upon the people the issue:—Shall white men or black man rule? They will learn, too late, we fear, that they are but the dupes and tools of the most graceless set of scamps that ever cursed any country! Can't the negroes see that these white Radicals preach one doctrine and *practice another?* Tell us, negroes,—tell us, Radicals all,—why did the white Radicals fail to come to this meeting? They might have come and they were implored to come. The negroes came by the thousand, but less than *a hundred* whites came! Why did they not come? We have given the reason above. Do not the Radicals see the handwriting on the wall? Let them fear and tremble!

HARMONY AMONG THE FAITHFUL.

Our readers are already advised that a split has occurred among the "trooly loil" in the First Congressional District. C. L. Cobb, of Pasquotank, received the regular nomination, when French and his friends bolted, and *he* was nominated by the Leaguers. Both are holding on, as yet, and neither seems disposed to give way. Cobb, it appears, can not, because he is the regular nominee; French will not, because he is a carpet-bagger and only squatted in North Carolina for the purpose of using the negroes to get office.

In the 5th District, Windy Billy Henderson received the nomination. Whereupon, Tourgee, Dick and others bolted, in extreme disgust, and the former was nominated.—Billy can't back out, because he is the regular nominee; Tourgee won't, because he is a carpet-bagger, and only squatted in North Carolina for the purpose of using the negroes to get office. He is not satisfied with a Judgeship. He wants something that has more "pickings and stealings" attached.—A correspondent writes us from Greensboro', under date of the 21st:

"Tourgee spoke here on Saturday before the "grand mass meeting," which was a perfect failure,—not thirty negroes being in the procession. He denounced Henderson as a *liar and a thief!*"

In the 3rd. District, the nominating Convention meets to-day. Col. Dockery, of War renown, is already in the field, and, it is said, will "stick," though it is well-nigh certain that a carpet-bagger (French or Rutherford) will receive the nomination over his head.

A large Radical meeting in Richmond, on Monday night, denounced the carpet-baggers in the most unmeasured terms. Their own friends are beginning to find out their greedy and unprincipled designs.

HON. T. L. CLINGMAN'S LETTER.

To the Voters of North Carolina.

(Concluded)

THE WHISKEY RING.

A reference to the Whiskey Tax will illustrate how this system is made to operate: It was estimated at Washington, that spirits enough were made in the country, last year, to have realized a revenue of one hundred millions of dollars, but, in fact, the Government only received thirteen millions, a little above one eighth of what it ought to have had.

It is ascertained that at many places the large producers paid but a small part of their tax—bribing the collectors to let them off—while very many of the smaller dealers had to pay in full. If half the tax really due was paid, the officers may have kept three-fourths, or thirty-seven millions, and paid one fourth into the Treasury.

Some of the Radical organs try to break the force of these facts by blaming President Johnson; alleging that he is responsible for the misconduct of his subordinates. But this excuse will not avail them. The present officers are Radicals generally, appointed by Mr. Lincoln. When the Radicals quarreled with Mr. Johnson, fearing that he would remove their friends from office, they passed an act of Congress over his veto, depriving him of the right to remove any officer. When an officer was, however, guilty of a misconduct, he was permitted to suspend him until the Senate might act upon his case. There was a man, named Callicott, in high favor with the Radicals. He was once a Democrat, but being a member of the New York Legislature, and the body being tied between the two parties, the Radicals, to get control of the Legislature and elect a Senator, bought this individual, by making him Speaker, and giving him a sum of money. Being their own property, he was highly valued, and given an important official position in the "Whiskey Ring." His frauds became so notorious that he was indicted in the Courts of the United States. President Johnson suspended him in his office, which was all that he was permitted to do, but the Senate was not then willing that such a pet should be sacrificed, AND WOULD NOT ACT IN THE CASE. At length his case was disposed of in the Court. He was convicted and sent to the Penitentiary. He lay there more than two months—if the papers of his State are to be credited—before the Senate would consent to his removal from office. In the better times of the Republic, what would have been thought of *such a case?*

The recent change in the tax on spirits shows the motive which governs the Radical party now controlling both branches of Congress. Every still now set up, whether running or not, must be listed, on pain of the owner being imprisoned and of paying a fine of five hundred dollars and forfeitures. Before he distils a drop he must pay four hundred dollars for a license; pay two dollars per day, and fifty cents per gallon. This tax will not be felt by the large operators, who make many barrels daily; but small distillers cannot bear it.

It will thus happen that large quantities of fruit which, distilled, might enable the people to pay their taxes, &c., will be lost. This arrangement was made at the instance of the large operators who wish to monopolize the business of distilling, and who could afford to bribe the members of Congress. The country will be flooded with adulterated Liquors, nevertheless.

THE PRESENT SYSTEM OF TAXATION.

The whole system of taxation, as now exercised, frightful as it is from its magnitude, is more oppressive from its inequality. During my whole service in Congress, fellow-citizens, I kept up a constant struggle against certain wealthy classes in the North-eastern States, who were continually seeking to shift all burdens off their own shoulders, and to make money through the action of the government. They seem, at length, to have consummated their objects, through the instrumentality of a pliant and corrupt Congress.

Tobacco and Cotton alone, of agricultural productions, are especially taxed, because they are mainly Southern productions. The culture of cotton had been so much crippled by the emancipation acts that it needed encouragement, but they preferred to *break a bruised reed!!*

As the cotton crop formerly furnished more than half the exports of the country, affording the means of obtaining foreign goods without the necessity of sending specie abroad, it was worth a hundred times as much to the country as the Codfish which they hire the New Englanders to catch, by bounties from the Treasury. A large production of cotton now would benefit not only the Government, but the whole country, South and North.

THE CONDUCT OF THE RADICALS TOWARDS THE MANUFACTURERS FULLY ILLUSTRATES THEIR PURPOSES.

Those Manufacturers have, as you know, always been clamorous for protection, in the shape of high taxes on imports from abroad. Their wishes have been fully gratified by the Radical Congressmen, and while the revenue from the tariff taxes is three times what it ever was formerly, the manufacturers are receiving proportionally more. On many articles the TAX IS EQUAL TO ONE HUNDRED PER CENT, and hence you are compelled to pay double the former prices for what you buy of the Merchant. There has, however, been imposed on these manufacturers themselves the small tax of *three* per cent. on their productions.

At the last session of Congress, they induced that body to repeal this tax, and relieve them of all share in supporting the public burdens. The Treasury in this way loses SIXTY MILLION dollars. ($60,000,000.) These people require that the whole country shall be taxed for their benefit from fifty to one hundred per cent., while they are not willing to contribute any part of their profits, and the Radical Congress has sanctioned their demand.

THE WEALTHY BOND HOLDERS PAY NO TAXES.

The Bond holders are another class equally favored. During the war the Government, to raise money, issued Bonds, bearing six per cent interest, which interest it agreed to pay in coin. The bonds were bought up by the Capitalists, in *some instances as low as thirty five cents in the dollar*. When the war closed, besides these bonds, the Government had outstanding large quantities of greenbacks, and other paper, *bearing* no interest. As it had no interest to pay on this part of its debt, it ought, for the sake of the tax-payers, to have been kept in that shape. They have, however, systematically converted it into these interest-bearing bonds. What would be thought of a man who owed a thousand dollars in such a form as that it bore no interest, who should voluntarily change it into a debt bearing interest, so that he would, in addition to the principal, have to pay annually sixty dollars, as interest?

Again, while these debts were in the shape of greenbacks, they rendered money plenty, and aided the people. Suppose, for illustration, that A has a thousand dollar Government bond, on which he is to receive sixty dollars annually, *in gold*. He will merely lay up this bond in his safe, receive his interest from time to time and no body is benefitted but himself; in fact the community is injured by having to pay the interest. His neighbor B, however, has one thousand dollars in greenbacks, and as he gets no interest on these, to make something he must put them in circulation among his acquaintances, by employing them to work for him, or by making purchases. In this manner the money is thrown into circulation, and the whole community is benefitted. The operation of the present system of the United States is entirely in the interest of the capitalists and against the people at large, who are suffering for the want of money.

THE RICH BONDHOLDERS NOT TAXED.

The Bond holders of the country, representing now a capital of more than TWO THOUSAND MILLIONS, are exempted entirely from paying a tax to support the Government. They merely sit and draw in their *interest in gold coin*. Their demands, however, do not stop here. They insist not only that they shall pay no taxes and receive their interest in gold, but that the principal of their debts also shall be paid in specie. This was no part of the original contract, and yet the Radicals say we are repudiators, if we do not pay them what they demand. Let us see, for a moment, how the whole case stands: A man who bought one of these bonds in the year 1863, paid for it about forty cents in the dollar, in specie. Since that time he has received regularly, in gold, six per cent interest on the whole hundred dollars. But six per cent on one hundred dollars is equal to fifteen per cent on forty dollars—the amount actually paid to the Government. In the five years that have passed this fifteen per cent. amounts to seventy-five per cent in gold, *or one hundred and five per cent in greenbacks* at the present rate. The bond holder, therefore, has already gotten, in interest computed at the rate of lawful money of the United States, more than he actually paid in gold. He insists, however, that he shall, in addition to this, receive as principal, one hundred dollars *in gold*, which the government never agreed to give him. If you have lent out one hundred dollars in gold the Courts hold that you may be compelled to take in return only one hundred dollars in greenbacks; but the bondholder, who only lent paper, insists on having the full amount in gold. This demand, sanctioned by the Radicals, the Democratic Platform opposes.

HOW THE WORKING CLASSES ARE CRUSHED.

The profits of the entire industry of the country are not estimated as being above four hundred millions annually, so that the sum the Government actually receives, to say nothing of what is stolen by its officials, is greater than this, and hence under this burden the country is gradually being impoverished. The evil appears the more appalling when you consider that this burden has to be borne by only a portion of the people. Suppose that a dozen soldiers, under the command of an officer, were bearing, with difficulty on their shoulders, a large piece of timber, and while they were moving forward with tottering steps, this officer, to favor four of the men, should tell them to get from under the log and leave eight only to carry it, and then, still further to gratify the four, should order them to get up and ride on the log? This illustrates the case. The manufacturers and the bondholders are *riding on the log*, and no wonder the Farmers and other classes are about to be crushed under the weight of the burden.

THE MONOPOLY OF BANKING PRIVILEGES—THE CAUSE OF THE SCARCITY OF MONEY.

Another gigantic system of oppression is to be brought to your attention. There is great and just complaint of the scarcity of money, not only in the South, but even in parts of the North. Formerly, when Banking was general, money could be borrowed at six per cent., and was thus thrown into circulation among the people. But lately a banking monopoly has been created, and only a few favored institutions and individuals are permitted to engage in the business. The so called National Banks obtain three hundred millions of dollars in the bonds of the Government, which rest quietly in their vaults and give them annually eighteen millions, *in gold*, by way of interest. Two hundred and seventy millions ($270,000,000) is furnished them in notes, by the Government, to bank with; and they, thus armed, can alone engage in the business. Having a monopoly they ask their own prices for the use of money.

I had occasion to inquire, not long since, into the manner of doing business of some of the institutions located in this State, and was told that they were charging for loans at the rate *of two and a half and three and a half per cent. a month*. This amounts to thirty and forty per cent. annual interest. At this rate, the whole of the principal will be returned as interest in three years. By this system and exorbitant taxation the whole country is being drained and impoverished, for the sake of a few wealthy capitalists. You know how little money there is in circulation among us. Not long since, a respectable and industrious man in Watauga, whom I know to have been anxious to work for small wages, *had his home place sold* for a balance of tax amounting to only THIRTY ONE CENTS. Neither he nor any of his neighbors could obtain that small sum, it not being in that part of the country. The tax gatherers are clutching every cent in many places. If now there were enforced on the people of this State, a general collection of the demands against them, it would be an easy matter for the bankers to buy up, not only whole counties and become Earls, but by purchasing entire Congressional Districts take rank as English Dukes and German Princes.

RADICALS MULTIPLYING OFFICES AND INCREASING SALARIES.

The Radicals in North Carolina are worthy disciples of those at Washington.—They have shown a wonderful genius for multiplying offices and increasing salaries. I have served in both branches of our Legislature, and was content to receive three dollars per day, but now, when times are much harder, our Legislators must have eight dollars, and all salaries and fees seem to be increased in proportion. It looks as though these Radicals throughout the United States had resolved that a favored few should suck the life blood out of the nation. The country would be utterly ruined by four years more of their domination.

THE GREAT NATIONAL DEMOCRATIC PARTY AND ITS PLATFORM.

The great National Democratic party antagonizes the Radicals on every one of these issues. Its noble platform, lately adopted at New York, declares boldly for a return to the system of constitutional government; condemns all acts *outside* of the Constitution, and pronounces all these military, *so-called governments* in the States unconstitutional, illegal and void. They declare for equal and moderate taxation, on all classes, including bond-holders and manufacturers. They are for paying all debts in the same kind of currency, diminishing useless expenditures, and relieving, as far as possible, the burdens of the people. The country seems to be coming up to their support.—Our adversaries see "the hand writing upon the wall," and made no attempt to justify their conduct. They then attempted to divert your minds from these great issues by appeals to prejudices. Why, both the old Whig and Democratic parties were in favor of constitutional government, and all our people formerly, whether called Union men or secessionists, were alike opposed to these outrages. Why, then, should we not combine as, to use an old simile, the Christian Churches do against the Devil, and make common war against this Satanic despotism and corruption?

RADICAL FALSEHOODS—NO DANGER OF WAR.

The Radical organs assert that if the Democratic candidates are elected there will be another war; and I have seen a silly falsehood in some of their papers, that I told Mr. Boyden I was willing to raise a mob and turn Holden out of office. The conversation was, in substance, thus:

Mr. Boyden was very denunciatory of the Democratic Platform and of Gen. Blair's letter, and asserted that if we succeeded in the canvass there would be another war, &c. I told him there was no reason to apprehend it; that Gov. Vance and his associates in office had been turned out, and no war had followed it. That after Holden's government had been set up by the President and Worth substituted as Governor, he had been displaced by military order, and no war followed; and if Holden were likewise turned out, no war would follow. No one supposed that Holden was more courageous than Vance or Worth, nor was he backed by as strong a support in the State. If, therefore, I said, the Supreme Court should decide these acts unconstitutional, as Mr. Boyden *admitted they undoubtedly were*, and the President with the aid of the army and navy of the United States, and backed by the verdict of the people, should carry into effect that decision, I saw no reason whatever to apprehend a war. And does anybody really believe war would result in the case stated?

Let us make the very improbable supposition that, in that event, W. W. Holden, or his son, Joe, or Judge Pearson, or John Pool, or A. H. Jones, should attempt resistance, could any one of them, or could they all combined, raise a single company in the State for such a purpose? Would the negroes, who refused to fight on either side during the war, now take up arms alone against the authority of the United States? You remember that the Radical delegates from the South at the Chicago Convention, when Grant was nominated, declared that if the Senate did not convict Andrew Johnson in the impeachment case, then pending, they would not dare to return home again. But the Senate did not convict the President, and yet every one of these fellows came back as quietly and with as little noise as frogs make when affrighted they glide into a pond. The allegation that these people, who could find no place to fight in during the late four year's war, will now, rather than give up their offices, make war against the United States, is an absurdity so impudent and laughable that it will impose on nobody.

RADICALISM WILL BRING ANOTHER WAR.

There is, however, another explanation of these cries about a second war, which is worthy of serious consideration. The Radical majority in Congress has shown itself to be reckless and unscrupulous. They openly avow their disregard of the Constitution. Finding, last winter, that the Supreme Court was about to decide that their reconstruction military acts were unconstitutional and void, a bill was passed through the House of Representatives declaring that no decision of the Supreme Court invalidating their acts should be binding, unless two thirds of the Judges concurred in the judgment. By the time, however, this bill reached the Senate, it was ascertained that at least *three fourths* of the Judges, if not all of them, would decide their acts to be unconstitutional and not binding on anybody. Thereupon a bill was passed rapidly through both Houses forbiding the Supreme Court to consider any case in which the validity of these reconstruction acts should come into question. Having already usurped the President's power, they thus attempted to destroy the jurisdiction of the Supreme Court as established by the Constitution. They have expelled individual members, and even entire delegations from Congress, because they were politically opposed to them. Their desperate action has created an apprehension in the public mind that if they are beaten before the people in the Presidential election, they will declare the election void, set it aside, proclaim their candidate elected and endeavor to install him by force. In that event they may produce a war, and possibly they are making their present clamor to prepare the public mind for such an event.

At any rate, they seem to be desperately bent on holding their places until at least they can extract from the people the last dollar they are able to pay. The Hon. Columbus Delano, the Radical Chairman of the Committee on Claims, in the last Congress, declared on the floor of the House, that besides the immense debt of the government recognized at the Treasury as amounting to two thousand six hundred millions, ($2,600,000,000,) there was a floating debt of four thousand millions more due to the loyal people of the country, not any part of it for slaves or for the destruction of *rebel* property. If this be true, the whole debt must amount to six thousand six hundred millions, ($6,600,000,000,) or more than half the present real value of all the property of the country. If the Radicals remain in power there is no doubt but that a large portion of this floating debt will be paid partly to the claimants and partly to the corrupt men who assist in getting the claims through. When attacked for these things they raise the cry of "copperheads and rebels," and boast loudly of their own *patriotism* and *loyalty*. Can a man only show his *patriotism* by plundering the public, and his *loyalty* by lifting money from the Treasury? Here, too, in our own State, the very men who, as members of the State Convention in 1861, voted us out of the Union and into the war then raging, and pledged "the last man and the last dollar" to its support, now denounce us as *disloyal rebels* if we oppose these Radical outrages. Look around you and see men who, in the beginning of the war, while it was popular, were raising companies, or lamenting they were too old to fight, urged the young men to volunteer, and who, after getting us all into the field, began to fire at our backs, and are now assailing us as a lot in rebellion, because we are in favor of returning to Constitutional government. There is reason, too, to believe that there is on foot now, originating with the Radical leaders at Washington, a gigantic plot to induce the negroes to commit so many outrages on the white people as to compel them to resist, and thus afford a pretext for the cry that the rebellion has broke out again, and thereby influence the Northern elections.

In spite, however, of all these difficulties, fellow-citizens, I anticipate the election of Seymour and Blair by decisive majorities. For twelve years I have regarded Horatio Seymour as taking the first rank among the statesmen of the country. Whether we consider his great talents, his extensive information and acquirements, his unblemished integrity, his irreproachable public and private character, his courteous, gentlemanly and dignified christian bearing, or the universal respect and admiration felt for him, he was of all men in this broad land the most suitable to receive the Democratic nomination. His whole history is that of a consistent patriot. Not harmonising in feeling with Mr. Lincoln's administration, yet as the Executive of one of the great States of the Union, he actually rendered more efficient aid to its cause in war, than any of the Abolition Governors were able to do. He quelled an alarming and dangerous riot in the city of New York without bloodshed, merely by the weight of his great personal character, as Gen. Washington did the whiskey insurrection in his day. I trust that he is destined by Providence to restore to the country such a constitutional system of government as Gen. Washington established.

Gen. Francis P. Blair, who occupies the second place on our ticket, is an able, talented, bold, brave, frank, generous and resolute man. He was selected as a Western man, and one who might best represent the army of the United States. Though he was one of the most efficient leaders in the war against us, yet we of the South were unanimous for him, to show that we entertained no ill feeling towards those who had bravely fought for the Union.

I will not close without a word to my Confederate comrades, some survivor of whom I meet wherever I may chance to move. It may be a consolation to you to know that every Republican statesman with whom I have conversed has candidly admitted that the conflict was inevitable, for they said the North intended to have slavery abolished, and they knew that the people of the South had too large an interest to surrender it without a fight. The true men of both sections came into the contest with a devotion like that exhibited by the twenty-four young men who, in the war between the houses of Saul and David, at the pool of Gibeon, fell by mutual wounds. We were beaten, but after a conflict of four years so conducted as in the opinion of our opponents to have been not unworthy of men, sincere, brave and resolute. One who, as I did, so often saw your steady resistance when attacked, and the bold dash of your splendid charges, bringing often to my mind the impetuous rush of the Athenians on the day of Marathon, will not fear for your reputation with the impartial of all ages. We fought under a flag which will never wave in battle again, for our honor was pledged, when we were paroled, to obey the Constitution and laws of the United States. That pledge will not in its spirit be fully redeemed if we do not accept the invitation of the gallant men of the North, of the noble Hancock, for whom, with the Southern delegations, I repeatedly voted, of Ewing, and McClernand and Steedman, and others, who invited us to join them in the great task of repairing the mischiefs of the war and restoring our old system of free government.

Come, then, fellow citizens, let us all as North Carolinians, old Whigs, old Democrats, Secessionists and Union men, rally to the support of this ticket and thus attain again our old peaceable, cheap, honest and quiet system of constitutional government.

Your friend and fellow-citizen,
T. L. CLINGMAN.

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, SEPTEMBER 23, 1868.

EASTERN WARD CLUB!

At a meeting of the SEYMOUR AND BLAIR Club, held on Monday evening, on motion, the "Sentinel" was requested to give notice of the dedication of the NEW CLUB HOUSE, on Friday night, on which occasion M. A. B'edsoe, Esq., and other able Speakers, will address the Club.

The ladies and the members of the Middle and Western Clubs are respectfully invited to attend.

Vaughan's band will be in attendance on the occasion.

W. D. HAYWOOD, Prest.

V. BALLARD, Sec'y.

Our friends in the Eastern Ward are moving with a glorious spirit and energy. They are BUILDING a commodious Club room, in which to hold their meetings, and in which they propose to have many an enthusiastic rally between this and the election. This Club now numbers two hundred men, good and true, and the cry is "STILL THEY COME!"

We hope that there will be a general rally of the Seymour and Blair men of the City at the dedication on Friday night.

MEETING IN WESTERN WARD.

SEYMOUR AND BLAIR CLUB ROOM, }
Sept. 21st., 1868. }

The Club was called to order at 7½ o'clock, pursuant to adjournment, by the President. An invitation being extended to any present, who had not yet joined the Club, it was responded to by several, who came forward and registered their names.

Theo. N. Ramsay offered the following resolution, which was adopted by the Seymour and Blair Club at Weldon, and it was unanimously adopted:

Resolved, That the President of this Club appoint a Committee, whose duty it shall be to attend the registration of the voters of this precinct, in October next, and challenge all persons who may offer to register, who are not legally entitled so to do.

W. E. Pell, *Jr.*, moved that this Club resolve themselves into a Committee of the Whole to solicit members for the Club.

The President, in behalf of the Committee to wait on Rev. Mr. Howell and ascertain if his school house could be occupied by the Club, one night in the week, stated that he had granted its use free of charge; whereupon Mr. Alley moved that a vote of thanks be tendered him,—which was unanimously adopted.

Messrs. Hughes, Snow, Royster, and others, were called upon, who delivered stirring speeches, exposing more fully the meanness which pervaded the Radical party, denouncing the cowardly attack of the *Standard* upon the virtue of the ladies, and urging upon members to be united in this struggle.

On motion, the meeting adjourned, to meet on Monday night next.

E. R. ALLEY, *Sec'y.*

A CARD.

RALEIGH, N. C., Sept. 22, 1868.

It may be the opinion of some people in North Carolina and the South, that all Yankees are like the rascal that edits the "Standard,"—the dog that insults the noble ladies of North Carolina and the whole South; but such is not the case.

I, *U. S.* Pierce, an honorably discharged soldier of the U. S. army, do condemn him and his sympathizers as rascals and women-insulters. If the time shall come, when you compel us to fight, (which I hope may NEVER come,) I shall fight for my adopted home and the noble ladies in it, and for the Constitution as it was.

FRANKLIN S. PIERCE,
Seymour and Blair, forever.

INFORMATION WANTED.

Messrs. Editors:—If Mr. Jas. M. T., of Hassett, Ca., should make an affidavit, before one of Gov. Holden's new Justices of the Peace, that he lives 524 miles from the City of Raleigh, and this J. P. should sign his name with a *cross mark*, (as he will have to do, if he signs at all,) does this mark have to be *witnessed*? If so, must the witness be an official character? Perhaps the Editors of the *Standard* can give the necessary information.

HARNETT.

P. S. Fayetteville *Eagle* will please copy, for the benefit of Uncle S. H., as his opinion will be worth something.

THE "WHISKEY RING," AGAIN.

We are not surprised to learn, from many sources, that the people of the West, especially, are looking into the infamous "Whiskey Ring" conspiracy to *buy up* and control corrupt members of Congress and create a whiskey *monopoly*, for the benefit of wealthy "Whiskey Ring" men. We learn that the indignation of the people of Wilkes county is deep, and manifests itself in many ways; and, what is more, the people have learned that this new *power* in the government, rather *in Congress*, is a pet organization of the Radicals in that body to enrich themselves and to get money to manufacture party capital, control elections and corrupt that class of the people who are inclined to be vicious and mercenary. With such ill-gotten means, every rascal that can be made useful to Radicalism is *bought*,—some for one price, some for another.

The frauds perpetrated by the "Whiskey Ring" men are enormous. They just buy up the corrupt members of Congress and get a law that suits, and then buy the Revenue officers and cheat the Government out of the tax due. A simple reference to the Whiskey Tax will show the tremendous magnitude of the frauds practiced: It was estimated, at Washington, that spirits enough were made, during the last year, to have given revenue, under the law, to the Government, amounting to *one hundred millions* of dollars; while, in fact, the Government only received *thirteen* millions, a little more than *one eighth* of what it *ought* to have received! It will thus be seen, from the records at Washington, that the frauds are without a parallel. The great distillers do this. They can afford to buy Congress and the Revenue officers. The small distiller cannot afford to do it, and, hence, he is made to pay *all his tax*, else he is hunted down, prosecuted, persecuted, broken up and imprisoned. Is this not the experience of distillers in this State? Let the people say.

The *special tax* is $400. This keeps small distillers from distilling at all; they cannot afford to pay it, while this sum is a trifle to the large distillers, who distill millions of gallons. This "Whiskey Ring" Radical Congress *put up* the *special* tax to *stop small* distillers absolutely, and *put down* the tax on the *gallon* to benefit the "Whiskey Ring" men. Cannot the plainest man see the fraud and villainy?

This "Whiskey Ring" is the handiwork of the Radical Congress. Let this be remembered by the people in the approaching Congressional election. We intend, in a few days, to give the vote on the whiskey law, in Congress, and show, by the record, who voted for it.

IMPORTANT FACTS—READ!

Ex. Gov. Wm. A. Graham, Hon. John W. Norwood, Henry K. Nash, Esq., and Hon Josiah Turner, Jr., have given the following important facts, which should be observed by the people. Let each County Executive Committee in the State, over their own signatures, disseminate them throughout their County. Much unaccountable misapprehension exists on the subject of Registration:

1. In the approaching election no man is disfranchised, who ever was entitled to vote.

2. A new registration will begin on the 15th of October, and every voter, old and new, must register. No man can vote without new registration, although he has registered before.

3. There are 140,000 white voters in North Carolina, and 70,000 colored voters; in round numbers, a majority of two to one.

4. Although the whole of the colored vote should be cast against the Conservatives, (which will not be the case,) and 35,000 white votes added, Seymour and Blair will still carry the State, if a full vote be polled.

5. Military government has ceased. The election on the 3rd of November is to be free, as in former times, but remember, all must register over again, or they cannot vote.

6. Any person who shall assemble armed men at any place of election, on election day, is liable to a penalty of one thousand dollars, according to the Revised Code, pages 308 9.

WHO RULES?

If ninety-nine one hundredths of the *white Radicals* of the State were asked if they desired to be ruled by the negro power of the State, and to secure negro ascendancy, they would unhesitatingly answer *no*. This we believe, confidently. Yet these very men have, by their action, succeeded in placing the white people of the State, including themselves, under *negro rule*. We ask them if this is not true? Who put the present State officers in power? More than *sixty thousand majority* of the white vote was against them. Then how did they come into power? Why, through and by force and effect of 75,000 *negro votes*. But for these votes, the State would this day be ruled by white men, men of whom no people on this continent could or would be ashamed. As it is, the white Radicals cannot apologize for the scape-graces in office.—North Carolinians, of all classes! we call upon you to open your eyes and behold the disgrace and ruin of Radical negro rule and supremacy!!

RADICAL TREASON—THE RADICAL ARMY.

We understand that one of the principal reasons for organizing a *Radical army* in this State, is, that the State is more convenient to Washington than any other State in the South. It was ascertained that the negroes were more thoroughly drilled in this State than elsewhere, and it was represented that there were more *white Radicals* here than in any other Southern State.

We warn white men, who belong to the Radical leagues, to leave them at once and to avoid them as dens of treason and war. We intend, in a few days, to further ventilate the Radical scheme of war and treason, and state some facts that will astonish the Radical leaders, themselves.

THE *Round Table* says that Bingham has "given us the best book of its kind that we have seen"—that is, his Latin Grammar.

For the Sentinel.

TO THE WHITE MEN OF WESTERN NORTH CAROLINA.

The Constitution which you have stood by and seen imposed on the people of the State is not understood by you. Let me ask you to consider a few facts:

There are about two blacks to three whites in North Carolina. The blacks poll about seventy thousand votes. They own no property and the only tax which they pay is a poll tax. Now look into the Constitution recently adopted, and you will find that our black population, two-fifths of our people, pay a tax only to educate their own children and support their poor, and that what they pay is not a tenth of what will be raised for these purposes. The Constitution expressly provides that the tax which they pay shall be spent in no other way than as stated above. No Legislature can tax them to help support the government, to pay the interest on the public debt, to aid in building Railroads or for any other possible purpose than to get their poll tax and then immediately refund it to them with a good deal more added to it.—If they had property, it is true, that property would be liable for taxes, but they have none and do not intend to have any. Here then we have an ignorant negro population not paying into our Treasury one cent, costing our poor impoverished whites enormous sums every year, and yet this black population have such sway in the State, as amounts to not only the entire control of our State government, but a complete dictation as to who shall fill all the offices of honor, trust and profit in the State.

Take for example the negro representatives in our Legislature. They were put in by negro votes. Each one, with all his constituents, instead of paying a tax of some kind to aid our State Treasury, is an absolute tax, and a heavy one on the Treasury. I repeat it: According to the Constitution of North Carolina, you may take the negro representative and all his negro constituents in a bunch, and they pay nothing to aid the Treasury, but he and they, each, all, and every one of them, is a heavy tax on the Treasury.

I went into a negro political meeting some weeks ago. Their black orators were explaining matters at a high rate. One of them stated that by the Constitution of the State two dollars tax was all that could possibly be got from the black man, and that was at once spent in educating his children, and that the State had bound herself to let all his children go to school until they were of age, for his two dollars a year; and he stated that whether he paid the two dollars or not they could not get round educating his children. "Now, colored friends," said he, "under this Constitution we can get as many offices as we can get elected to; we can live under the protection of the Government; we have every thing the white folks have. They do all the paying. We pay not a cent out but what we get back at once, with a great deal more." I asked him where the extra money was to come from to keep his children at school until they were twenty one years old. "Come out of the land," said he. But, said I, the land will not of itself pay the tax. "Well, sir, (said he,) let the white folks work the land and make the tax. I'll be bound they will work the land and pay the tax before they will let their land be sold for the taxes."

Here lay the whole argument in a nut shell. Galloway, the negro representative from New Hanover, said that the negroes did not want the land. No wonder. They have it fixed so that the white laborer shall own the land, and they take the rent of it to educate their children; the white man shall own the cow and feed her, while they milk her dry; shall own the orange, while they squeeze out the juice and leave him the shell.

And whilst the white voters of the State have been kept in ignorance of this magnificent villainy, every negro in the State has all along secretly known it and acted on it.

Indeed, so perfectly devil-bent were Holden and his crew to get possession of the power and the offices, that they have pledged the labor of the white race in North Carolina not only to exempt the labor of the blacks from all tax, but to support the black race and educate their children. They have made the blacks the owners of every farm in the State, and the white nominal owners are but tenants, paying (unless the negroes are to be deceived) a heavy rent. Yes, white laborers of North Carolina, many and many a long day's toil of yourselves, your wives and your little children, that you cannot spare to go to school, will be consumed in the education of idle, worthless negro children. And while the black teacher and the black children are in their cool shady school house enjoying themselves, they know and you may know that the hard sun-burnt toil of yourself and your uneducated little ones has to pay the expense. And yet, Western men, why did you stand by and let this awful slavery, ten-fold worse than negro slavery, be put upon us all, yourselves as well as others?

And if you meet one of the white faced scoundrels who sold himself to the negroes to get an office, and who thus sold the freedom of the white race in exchange for his own elevation, he will tell you, with pockets overrun with the peoples hard earned money, "Do not disturb any thing. Do not make any movement to alter things as they now stand. There is a war upon us certainly, if a majority of the American people vote Seymour and Blair into office. By all means, *let us have peace.*"

Sec. 2. Article 5, of the Constitution says, "The proceeds of the State and county capitation tax shall be applied to the purposes of education and the support of the poor."

Sec. 2. Article 9, says:

"The General Assembly at its first session under this Constitution shall provide by taxation and otherwise for a general and uniform system of public schools, wherein tuition shall be free of charge to all the children of the State, between the ages of six and twenty-one years."

And remember, that whether the black population pay their poll tax or not, the education of the negro children goes on.

Did any set of white villains ever live, equal to those which have lifted themselves into offices, that they are not fit for, by thus selling the white race of the State into slavery? We read with shuddering and horror that, in Africa, the natives will catch other natives and sell them to the slave ships, in exchange for beads and whiskey; that kinsmen will entrap and sell kinsmen; that, oftentimes, parents sell their own children. There, they have the merit of doing a mean thing in an open way. Here, Holden and Redman, and their crew, do equally as mean, in a sneaking way.

Do not, I beg of you, suppose that the amount which you will have to pay, will be a trifle. Your national taxes, your State taxes, your County taxes, and your new township taxes, which you have perhaps not yet heard of, will bend your backs,—When you have to add to the foregoing the enormous cost of educating the negro children of the State, your backs, I fear, will give way. No wonder that land sells at one and two dollars an acre in North Carolina. I tell you now, that in less than five years, unless Radical villainy is utterly uprooted, and that at once, in this State, land owners will be but too glad to throw up their land and run away to escape their black masters.

A black man, with ten children, has his choice about paying his poll tax. Whether paid or not, his ten children are educated by the white labor of the State. I proclaim it over and over again.

The matter in plain English is, that the whole black population of the State pay nothing into the Treasury. They pay, at most, two dollars, each voter, if they choose to do it, towards educating their children, and the balance, say twenty dollars a year for each negro child, is to be paid by the poor white man's labor. In other words, each white man in the State, East, West and middle, must work enough to pay the schooling of the negro children.

Do the white men of Western North Carolina understand me? If they do, will they sustain in power the men who have thus deprived *their* children of schooling and given it to the negroes? If they can look at this matter and understand it, and then stay from the polls, as they did in the last election, our hopes are gone.

One word now as to negro township Judges. It is settled that pretty much all the business of the State is to go into these township Courts, whether the business be civil or criminal. It is also settled that in some twenty five Eastern counties these Judges will be mostly negroes, league negroes at that. They will have a white Clerk to do the writing. The powers of these negro Judges will be as great as heretofore had by a Superior Court Judge. They can punish for contempt, enforce their orders and do all and everything that a Judge can do. Put in by a majority of blacks, they well know on what terms they may expect to retain office. Good-bye to that township to the man's farm, his stock, his crop, his orchard, his fences, his rights, his fireside, his family, his all!

Western men, I weep when I think that with a majority of forty odd thousand white men in the State, you should stand aloof and let your white brethren be thus enslaved. Time was when the East paid the bulk of the taxes. It is so no longer. Not a cent of poll tax goes into the Treasury now. The land is now the great tax-payer. Let me tell you, Western friends, that already the lands in our eastern section sell for not over one-seventh of their former value, and when a negro school house is erected for every two miles, and two league negro Judges are elected in every township, at what price do you suppose the lands will sell? You will have to help raise the money to pay the negro schooling, but you are not afflicted with the negro Judges. We are to stagger and groan and die under both loads, unless the forty odd thousand white majority in North Carolina wake up and exhibit themselves as WHITE MEN.

SPRINGFIELD.

P. S.—As I close this, the League negroes in our little town are firing the cannon over the news from Maine.

SEYMOUR AND BLAIR FLAG IN MORGANTON.

MESSRS. EDITORS:—On Wednesday, the 16th., the good people of Burke, according to notice, assembled in Morganton, for the purpose of unfurling to the kissing breeze the flag of our common country, and a banner on whose folds are inscribed the names of Seymour and Blair.

Judging from the large audience and wild enthusiasm, I am confident that this county is of the right (not red) stripe, and will roll up a majority for the white man's ticket.

The crowd was first addressed in the street by Judge Rose, of New Jersey, who spoke earnestly and gave us cheering news.

After he closed, the vast multitude adjourned to the Court House and listened with the greatest attention to able, stirring and patriotic appeals from the Hon. B. S. Gaither, E. P. Moore and Col. Thomas Walton. 'Twas a glorious day to all lovers of liberty and haters of oppression.

We tender our warmest thanks to the ladies for having wrought, with their fair hands, the banners, and lending their presence and sweet influences to the occasion.

M.

OUTRAGEOUS CONDUCT—NO ARREST.—While the radical delegation to the powwow at Raleigh were marching up Broad street, after their return on Thursday evening, one of the miserable scoundrels stepped out of ranks, went up to Mr. Samuel Brinson, an old gentleman, aged sixty-two years, without any provocation whatever, said to the white people among whom Mr. Brinson was standing, "Oh, yes, you d—d white a—s of b—h's, Grant will be elected, and we will put your d—d white eyes out!" and struck the old man with all the force of which he was capable, with a large stone, the power of the blow knocking him down. He is still very ill from the effects of the foul act.

The same organized gang of ruffians attacked the store of Mr. F. Boesser, on Broad street, simply because he is a good Democrat, threw brickbats and various other missiles through the house, broke several windows and did other damages.

These outrages were committed in the open day, on one of the principal thoroughfares of the city, and still no arrests have been made or attempted.—*Newbern Journal of Commerce.*

THE HENDERSON *Index*, alluding to Col. Dewesse's abuse of the franking privilege, says:

"We will furnish a bushel or thereabouts of old envelopes franked by Dewesse, and various other persons, on their own matters. One instance we desire to call particular attention to. A letter came to this Office some days ago franked by Dewesse, addressed to a negro wench and *nymph du pave*. As to who wrote this *particular* letter, or what was its contents, this deponent, for answer, says he doth not know, but verily, he believes that this was not a public document, such as the act of Congress contemplates, allowing M. C's. to send to their constituents free."

Our Afternoon Dispatches.

FROM WASHINGTON.

WASHINGTON, Sept. 22 M.

Commissioner Rollins has designated the store of William Marchant, 81. Charles Street, New York, as an Export Bonded Warehouse for Tobacco, under section 73, of the new tax law.

Surratt's Counsel set forth the Amnesty Proclamation in defense, claiming safety for Surratt under that clause pardoning all who were not then under indictment for treason or felony in any Court of the United States, having competent jurisdiction.

The Counsel claim that Surratt, at that time, was under indictment for murder at common law, and not for treason or felony, and consequently, entitled to the benefit of the proclamation.

The Prosecution demur and the argument is progressing.

Our Midnight Dispatches.

FROM GEORGIA—FURTHER PARTICULARS OF THE CAMILLA AFFAIR.

ATLANTA, Sept. 21, P. M.

The following report is from Judge Vason and Mr. Johnson, who were requested, by Lieutenant Howard, of the Freedmen's Bureau, to investigate the matter:

"*To the Committee of the Senate and House of Representatives of the State of Georgia:*

"We left Camilla this day, at noon. All was quiet. No apprehension felt for further trouble. The act of the citizens was under orders of the Sheriff. They acted as his *posse* in the whole affair. The negroes in the County are all quiet.—No bad feeling exists between them and the whites growing out of the affair. But few negroes were present, except those in the procession. No necessity for any additional force to protect white or black. The wounded negroes will be cared for and have the sympathy of the whites. The whole difficulty is owing to the right claimed by Murphy, Pierce & Co., to carry the negroes into a political meeting with arms. The Sheriff disputed this right, and insisted that, under the Proclamation of the Governor and the law, it was his duty, as a civil officer, to prevent it.

(Signed) O. A. VASON, H. JOHNSON.

Vason and Johnson, and Mr. Clarke, a Northern man, who came South since the war, certify to the good character of the parties making sworn statements. The report was laid before both Houses, which determined their decision relative to the Governor's Message, and refused to ask the President for aid to maintain order.

[LATER.]

ATLANTA, Sept. 22, P. M.

The rencontre at Camilla, between the whites and blacks, creates much excitement here and throughout the State.

On yesterday afternoon, the Governor sent a communication to both Houses relative to the disturbances in Mitchell county, recommending that the President of the United States be petitioned for military aid, sufficient to preserve order in that county. The Governor says that "disregardful of the proclamation issued on the 14th instant, the right of the people peacefully to assemble has been violently and barbarously impaired, and the civil officers are wholly unable to protect the rights of citizens, or maintain peace. He earnestly recommends that the Legislature make immediate application to the President for a sufficient military force, to be stationed in Mitchell county, to maintain peace, and protect the lives and property of the citizens, and that the guilty be punished, after due process of law. The fact that this occurrence was the result of a determination, publicly expressed by irresponsible persons of one political party, that the other political party shall not hold meetings, is too well known. It is gratifying that the sentiment is confined to the lawless class, and not countenanced or supported by responsible citizens.

On the reading of this report, a resolution was offered in the Senate to refer the message of the Governor to a Committee on the "State of the Republic."

Considerable debate ensued regarding telegraphing the President.

A resolution was offered that, as the Senate had heard the statement of a negro, through the Governor, that the account from the white men be read, and agreed to.

A substitute was offered for the whole, that a special Committee be appointed to investigate the matter, and report, forthwith, all the facts.

The House also appointed a Committee of five to investigate and by a correct account before the Assembly.

At the request of Major Howard, Agent of the Bureau, Judge Vason and Captain Johnson will investigate the matter and furnish the necessary papers of information.

This afternoon, the Senate Committee, appointed to take into consideration the message of the Governor, made a report that the evidence submitted to the Governor is untrue, and accompanying the same with sworn testimony. The report gave rise to an exciting discussion. The report was adopted, yeas 22 nays 10.

The House received the majority and minority reports relative to the Governor's Message of the Camilla riot. After a heated discussion the majority report was adopted, which is that they find the evidence preferred by the Governor is not sustained; that the whole difficulty occurred and originated from a determination of the parties referred to in the Governor's message, to-wit: Pierce, Murphy and Putney, to enter Camilla at the head of an armed company of freedmen, which right was disputed by the Sheriff of the county.

FROM WASHINGTON.

WASHINGTON, Sept. 22, P. M.

Howard received a report of the Camilla riot, which he communicated to the Secretary of War. Subsequently Schofield had a prolonged interview with the President on the subject. Details not transpired.

Butler, on yesterday, filed papers in the House, regarding Kimberly's suit, claiming that it was a breach of his priveleges as a member of the House.

Rollin was before the Retrenchment Committee, to-day, explaining hitch of supervisorships. Revenue, to-day, $171,000.

FROM ALABAMA—THE LEGISLATURE.

MONTGOMERY, Sept. 22 P. M.

The Senate and House did but little to-day.

In the House, a resolution was adopted for the appointment of a Committee to wait on the Governor and learn what he desired the Legislature to do.

VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

FOR 25 YEARS I was sorely afflicted with the Piles. After trying every remedy I could hear of and failing to receive any benefit, in 1857 I discovered a remedy, purely vegetable which effected an entire cure, and I have had no return of it.

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My ointment was advertised in the public prints and I met with great success, until the war came on.

By the advice of friends, I have determined again to manufacture the OINTMENT and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box 81, and postage (fifteen cents.) As soon as I can make arrangements I will put it in the hands of the druggists of the State.

THE NATIONAL DEMOCRATIC CONVENTION!

THE PLATFORM.

"The Democratic party, in national convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the Government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or reagitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people.

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the Government do not expressly state upon their face, or the law under which they were issued does not provide that they shall be paid in coin, they ought, in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation of every species of property according to its real value, including Government bonds and other public securities.

Fifth.—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth.—Economy in the administration of the Government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the Government and the currency made good; the repeal of all enactments for enrolling the State militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the Government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign Powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty, and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign Powers to punish them for alleged crime committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capital into a bastile; it has established a system of spies and official espionage to which no constitutional monarchy of Europe would dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. His corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated, and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right, or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution; and it sanctioned by the people will subvert our form of government, and can only end in a single centralized and consolidated Government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary, and void; that our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people, and should be disposed of either under the pre emption or homestead laws, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson, (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

No extra charge for Females. No charge for Medical Examinat'n, Policies or stamps.

THE UNIVERSAL LIFE INSURANCE COMPANY,

NEW YORK.

Office, No. 30, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the STOCK system of Life Insurance, as opposed to the MUTUAL, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURE and CERTAIN; in lieu of as high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the "Universal" the sum of $11,751, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3,277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, *live long enough*, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chances of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms it may be stated that by a reduction of *twenty five* per cent in the rate of premium, the same amount of money will secure a policy *thirty three and one-third* per cent. greater, and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty three and one-third per cent., payable in advance*, or to a dividend of *forty-five per cent*, payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taking *all* the risk. By the *Mutual* plan, the full value in insurance of the premium paid is *not* secured to the policy-holder, who takes a portion of the risk himself.
